Versity 95 Series

spectralink

Empower your mobile workforce, boost productivity, and enhance patient or customer experiences.

Versity 95 Series enterprise-grade smartphones enable communication, documentation, notification, and information on the move.

Versity 95 Series provides uninterrupted communication in 24×7 environments with seamless application functionality and best-in-class call quality. The all-in-one solution is equipped with a native dialer, hot-swappable battery, programmable buttons, and an integrated scanner (9553). Versity 95 Series is rugged and user-friendly, empowering mobile workers to navigate workday challenges with confidence.

Choose the right device for your workforce The two model options include Versity 9553 for scanning dominant workflows and the sleek Versity 9540 for voice and application-based workflows.

Crystal-clear conversations on every call with noise suppression and echo cancellation, Voice Quality Optimization, and a dedicated Wi-Fi antenna for enhanced roaming on the move.

Rugged built to outlast tough environments It's rugged out of the box so bulky protective cases aren't needed. Resistant to drops, dust, and water and holds up to frequent cleaning with disinfectants.

Optimized for mobile workers with a large touchscreen display, 5 programmable buttons for quick access to most used applications, and sleek and lightweight design that is easily carried on the move.

Designed for work in motion The all-in-one solution combines phone, messaging, applications, and scanner into a lightweight and familiar form factor easy to use and carry during long shifts.

Maximize uptime with a hot-swappable battery that supports active calls during a swap so there is no downtime or lapse in mission-critical communication.

Improve worker safety With the press of the alarm button staff can alert security of duress. Motion detection alarms automatically send an alert if a fall or running is detected.

Real-time collaboration and streamlined workflows through an extensive ecosystem of UC and application partners for calling, secure messaging, patient monitoring, and inventory management.

Capture images and scan barcodes on the move with the 13MP camera and integrated industrial-grade scanner for fast and accurate barcode scanning, even in low light.

Robust security with WPA2 a highly secure encryption standard for the protection of data transmitted over a Wi-Fi network.

Optimize Versity 95 performance with AMIE®

Update device configurations and view real-time performance analytics, device locations, battery health, utilization metrics, and more from the cloud-based dashboard.

Android Enterprise Recommended

Specifications

9540 Wi-Fi Smartphone
9553 Wi-Fi Smartphone w/ barcode scanner

Operating System

- Android™ OS 10

Performance

- Qualcomm Snapdragon™ 660 octa-core 64-bit
- Memory: 4GB RAM, 64GB Flash

Display

- 5.2"1920 x 1080 high-definition display
- Damage resistant Corning Gorilla glass™

Touchscreen

- 5-point touch, glove capable, wet screen usable
- Oleophobic coating

Wireless Connectivity

- Wi-Fi 5, 2x2 MIMO, WFA Certifiable
- Bluetooth 5.0

Audio

- Handsfree Loudspeaker
- 4 microphones, echo cancellation, noise suppression, ultrasonic range
- Receiver Adaptive Active Noise Cancellation
- Audio jack (3.5mm)

Telephony

- BizPhone Dialer
- PBX integration (SIP direct, gateway)
- UC interoperability
- HD voice and integrated full-duplex speakerphone

Battery/Charging/ Talk Time

- True hot-swappable battery (3020mAh)

- Internal battery supports 60 sec. of operation while exchanging main battery
- External phone charging contacts (7 external pins)
- Talk time (using Spectralink BizPhone): Up to 15 hours
- Standby (connected to Wi-Fi): Up to 160 hours

Weight/Dimensions

- Weight: 204g(non-scanner), 214g (scanner)
- Non-Scanner Dimensions: 153 x 76 x 12mm; Scanner Dimensions: 153 x 76 x 17mm

Sensors

- Accelerometer, Gyroscope, Magnetometer, Proximity, Ambient Light, ToF Ranging

Cameras

- Front facing camera: 8 MP, fixed focus
- World facing camera: 13 MP, auto focus w/ flash

Barcode Scanner

- Industrial 1D/2D
- Illumination: Red
- Aiming beam: Red (610nm LED)
- Captures data >24 in./60 cm away

Wired Data Interface

- USB3.1
- Type-C Connector

User Interfaces

- Buttons: Power, Alarm, Volume up/down, and 3 user configurable
- RGB LED notification (diffused)
- Vibration (motor >1.4g peak)
- Near Field Communication (NFC)
- Multilingual user interface

- Push-to-Talk (PTT)
- SAFE features: Alarm button and motion detection for tilt, running, and no movement

Dust/Liquid Resistance

- IP68 – protects against water and dust ingress

Durability

- Exceeds multiple 26 drop cycles from 6 ft (1.8 meters) onto a steel plate per MIL SPEC 810H
- Recessed display for screen protection
- Chemical and Disinfection resilience
- UV sanitizable

Environmental

- Operational temperature: 32° – 104° F (0° – 40° C)
- Storage temperature: -22 – 140° F (-30 – 60° C)

Quality of Service (Qos)

- Spectralink Voice Quality Optimization (VQO)
- Wi-Fi Multimedia (WMM)
- WMM-Power Save
- DSCP tagging

Security

- Fingerprint sign-on capable
- PIN authorization for shared devices
- WEP, WPA-Personal, WPA2-Personal, WPA2-Enterprise
- HTTPS secure configuration and monitoring

Networking Standards

- Manual or Dynamic Host Configuration Protocol (DHCP)
- Domain Name Service (DNS)
- Simple Network Time Protocol (SNTP)

- Lightweight Directory Access Protocol (LDAP)
- XML and XHTML

Real-Time Location Services (RTLS)

- Integration with all available sensors
- Integration with Wi-Fi and Bluetooth for low power scanning

Chargers and Accessories

- Desktop battery charger (2 batteries)
- Desktop dual charger (phone/battery)
- Modular multi-charger base (Compatible with any combination of 4 dual or battery chargers)
- Standard lithium-ion battery
- Belt clip

Enterprise-Grade Device Management

- Advanced Mobile Intelligence for Enterprises (AMIE®)
- Integration with major EMMs (e.g. VMWare WorkspaceOne, MobileIron UEM, Microsoft Intune, SOTI MobiControl, Cisco Meraki MDM and IBM MaaS360)
- Advanced Logging and Phone configuration Features
- Over-the-air configuration settings and updates

Partner Applications
