Versity 97 Series

spectralink

Setting the standard for productivity, communication, and performance

Revolutionizing the way mobile workers communicate and collaborate, Versity 97 Series enterprise-grade smartphones are the ultimate communication solution for demanding 24x7 environments.

Versity 97 Series connects mobile workers with best-in-class voice quality and access to information in the palm of their hand, increasing productivity and efficiency. It's the most durable device on the market with a user-friendly design, making it the paramount solution for industries from healthcare, retail, and beyond.

Choose the right device for your workforce The two model options include Versity 9753 for scanning-dominant workflows and the sleek Versity 9740 for voice and application-based workflows.

A new standard for best-in-class call quality With innovative AI noise suppression so every word is heard the first time. Voice Quality Optimization and two Wi-Fi antennas support unwavering connections.

Work faster with instant access to information Powered by the leading smartphone processor enabling responsive UI and seamless operation of demanding applications.

Real-time collaboration and streamlined workflows Through an extensive ecosystem of UC and application partners for calling, secure messaging, patient monitoring, and inventory management.

The most durable device in its class Water, dust, and drop proof, plus antimicrobial display coating and rugged casing for cleaner and longer lasting devices in the harshest environments.

Software that is as durable as the device With the highest levels of enterprise-grade security including WPA3 encryption for information security.

Designed for work in motion The all-in-one solution combines phone, messaging, applications, and scanner into a lightweight and familiar form factor that is easy to use and carry during long shifts.

Reduce downtime to zero With the only hot-swappable battery that enables swaps mid-call without interruption.

Boost productivity in any environment Access information and respond to messages from the large touchscreen display. Never miss an alert with vibrations noticeable on the move. Seamlessly dock to a workstation for more intensive use cases.

Collect detailed documentation With the 16MP camera featuring HDR processing and optional industrial-grade scanner with instantaneous scanning speeds.

Improve worker safety With the press of the alarm button staff can alert security of duress. Motion detection alarms automatically send an alert if a fall or running is detected.

For greater connectivity Wi-Fi 6/6E supports optimal performance on crowded networks. Embedded with a location beacon, its RTLS ready for tracking devices and locating staff.

Optimize Versity 97 performance with AMIE®

Update device configurations and view real-time performance analytics, device locations, battery health, utilization metrics, and more from the cloud-based dashboard.

Wi-Fi 6 CERTIFIED

Android Enterprise Recommended

Specifications

MODELS

9740 Wi-Fi Smartphone

9753 Wi-Fi Smartphone w/ barcode scanner

Operating System

- Android™ OS 13

Performance

- Qualcomm Snapdragon™ QCS6490 octa-core 64-bit
- Memory: 8GB RAM, 128GB Flash

Display

- 5.2"1920 x 1080 high-definition display
- Damage resistant and anti-microbial Gorilla Glass™

Touchscreen

- 5-point touch, glove capable, wet screen usable
- Oleophobic coating

Wireless Connectivity

- Wi-Fi 6/6E, 2x2 MIMO,WFA Certifiable
- Near Field Communication (NFC)
- Bluetooth 5.3, BLE

Audio

- Handsfree loudspeaker
- 4 microphones, echo cancellation, near ultrasonic range
- Neural Network (AI) noise suppression

Telephony

- BizPhone Dialer
- PBX integration (SIP direct, gateway)
- UC interoperability
- HD voice and integrated full-duplex speakerphone
- Call modes: conference room, loud, and normal

Battery/Charging/ Talk Time

- True hot-swappable battery (3,020mAh)
- Internal battery supports 60 sec. of operation while exchanging main battery
- External phone charging contacts (5 external pins)
- Talk time (using Spectralink BizPhone): Up to 15 hours
- Standby (connected to Wi-Fi): Up to 160 hours

Weight/Dimensions

- Weight: 216g(non-scanner), 228g (scanner) with battery
- Non-Scanner Dimensions: 153 x 76 x 12mm
- Scanner Dimensions: 153 x 76 x 17mm

Sensors

- Accelerometer, Gyroscope, Magnetometer, Proximity, Ambient Light, ToF Ranging, Barometer

Cameras

- Front facing camera: 8 MP fixed focus
- World facing camera: 16 MP HDR, auto focus, flash

Barcode Scanner

- Industrial 1D/2D
- Illumination: White
- Aiming beam: Green
- Captures data >24 in/60 cm away

Wired Data Interface

- USB 3.1
- Type-C connector
- Display port

User Interfaces

- Buttons: Power, volume up/down, alarm, and 3 additional buttons
- 5 user configurable buttons
- RGB LED notification (diffused)
- Vibration (motor >2g peak)
- Multilingual user interface
- SAFE features: Alarm button and motion detection for tilt, running, and no movement

Dust/Liquid Resistance

- IP68 – protects against water and dust ingress

Durability

- Exceeds multiple 26 drop cycles from 6 ft (1.8 meters) onto a steel plate per MIL SPEC 810H
- Recessed display for screen protection
- Chemical and disinfection resilience
- UV sanitizable

Environmental

- Operational temperature: 32° – 104° F (0° – 40° C)
- Storage temperature:
- -22 – 140° F (-30 – 60° C)

Quality of Service (Qos)

- Spectralink Voice Quality Optimization (VQO)
- Wi-Fi Multimedia (WMM)
- WMM-Power Save
- DSCP tagging

Security

- PIN authorization for shared devices
- WEP, WPA-Personal, WPA2-Personal, WPA2-Enterprise, WPA3-Enterprise
- HTTPS secure configuration and monitoring

Networking Standards

- Manual or Dynamic Host Configuration Protocol (DHCP)
- Domain Name Service (DNS)
- Simple Network Time Protocol (SNTP)
- Lightweight Directory Access Protocol (LDAP)
- XML and XHTML

Real-Time Location Services (RTLS)

- Integration with all available sensors
- Integration with Wi-Fi and Bluetooth for low power scanning
- BLE beacon

Chargers and Accessories

- Desktop battery charger (2 batteries)
- Desktop dual charger (phone/battery)
- Modular multi-charger base (Compatible with any combination of 4 dual or battery chargers)
- Standard lithium-ion battery
- Belt clip

Enterprise-Grade Device Management

- Advanced Mobile Intelligence for Enterprises (AMIE)
- Integration with major EMMs (e.g. VMWare WorkspaceOne, MobileIron UEM, Microsoft Intune, SOTI MobiControl, Cisco Meraki MDM and IBM MaaS360)
- Advanced logging and phone configuration features
- Over-the-air configuration settings and updates

Partner Applications

About Spectralink

As an award winner in mobile technology, Spectralink has been transforming the way our customers work and communicate for 30+ years. Through our determination to do extraordinary things, we enable mobile workforces and empower our customers and partners to explore what's next, what's possible. With our enterprise grade, best-in-class mobile solutions, we are with our customers wherever they work, however they need us. Our people, commitment to innovation and our passion are our foundation for success.
